A sense of detail and craftsmanship go hand-in-hand in our design- and production processes. We produce everything by hand in Denmark. There are no compromises, no cutting corners. Only perfection counts.

We design and create furniture that instantaneously soothes the body and mind.

DIAMOND HEADBOARD & DIAMOND CUSHIONS

Sophisticated and cozy at the same time. The DIAMOND headboard invites you into a world of sweet dreams. The unique three-dimensional velvet diamond structure, softened by a premium triple quilting, give it a plush finish. Around the edges, we have added the finest aniline leather. All the materials used to make the headboard have one purpose - to make it look and feel cozy, homely and luxurious.

The DIAMOND headboard comes in 5 colors and can be customized according to all common international standards (in width) measuring 70cm/27,5in in height.

The DIAMOND cushions can be used with the DIAMOND headboard or as an individual accessory having the ability to spice up any bed, couch or chair. The cushions come in 2 sizes: 48x48cm/19x19in and 48x28 cm/19x11in.
